Aspiring .NET Developer | ASP.NET Core MVC | C# | ASP.NET Web Forms | SQL Server | Entity Framework | Web API | ADO.NET | MS SQL | Stored Procedures | Visual Studio

Professional Summary

Motivated and detail-oriented aspiring .NET Developer with strong knowledge of C#, ASP.NET Core MVC, ASP.NET Web Forms, SQL Server, Entity Framework, ADO.NET, and Web API. Hands-on experience in developing secure CRUD-based web applications, authentication modules, and database-driven applications using ASP.NET Core MVC and SQL Server. Skilled in writing optimized SQL queries, stored procedures, implementing server-side validation, and following secure coding practices. Passionate about learning modern Microsoft technologies with excellent analytical, problem-solving, and communication skills. Eager to contribute to software development projects while continuously enhancing technical expertise.

Technical Skills

Category	Skills
Programming Languages	C#, SQL
.NET Technologies	ASP.NET Core, ASP.NET Core MVC, ASP.NET Web Forms, Web API, Entity Framework, ADO.NET
Database	Microsoft SQL Server, SQL Queries, Stored Procedures, CRUD Operations, Database Design
Frontend	HTML5, CSS3, Bootstrap, JavaScript (Basic)
Development Tools	Visual Studio 2022, SQL Server Management Studio (SSMS), Git (Basic)
Core Concepts	Object-Oriented Programming (OOP), MVC Architecture, Authentication & Authorization, Session Management, Exception Handling, Input Validation

Academic Projects

Project 1: Smart Student Information Hub

Technologies Used: ASP.NET Core MVC, C#, Entity Framework, SQL Server, HTML5, CSS3, Bootstrap

Description: Designed and developed a web-based Student Information Management application using ASP.NET Core MVC that enables administrators to efficiently manage student records. Implemented complete CRUD functionality with Entity Framework and SQL Server while following the MVC architecture to build a scalable, secure, and maintainable application.

Key Responsibilities:

- Developed the application using ASP.NET Core MVC architecture.
- Designed responsive user interfaces using Razor Views, HTML5, CSS3, and Bootstrap.
- Implemented complete Create, Read, Update, and Delete (CRUD) operations.
- Integrated SQL Server using Entity Framework.
- Implemented Model Validation and Server-Side Validation.
- Optimized SQL queries for efficient data retrieval.
- Applied Exception Handling and secure coding practices.
- Followed MVC design principles and clean coding standards.

Project 2: Secure Authentication System

Technologies Used: ASP.NET Web Forms, C#, SQL Server, Stored Procedures

Description: Developed a secure authentication application with user registration and login functionality using ASP.NET Web Forms and SQL Server. Implemented secure authentication mechanisms and followed database security best practices.

Key Responsibilities:

- Developed Login and Registration modules.
- Implemented Session Management.
- Used Parameterized Queries and Stored Procedures to prevent SQL Injection.
- Performed Server-Side Validation.
- Connected ASP.NET application with SQL Server.
- Implemented Exception Handling.
- Followed authentication and database security best practices.

EDUCATION

Qualification	University / Board	Year	Score
M.Sc. Organic Chemistry	Savitribai Phule Pune University	2025	SGPA: 8.55
B.Sc. Chemistry	Savitribai Phule Pune University	2023	83.63%
HSC	Maharashtra State Board	2020	55.69%
SSC	Maharashtra State Board	2018	85.20%

SOFT SKILLS

Problem Solving • Analytical Thinking • Team Collaboration • Communication Skills • Time Management • Quick Learner • Adaptability • Attention to Detail

LANGUAGES

English • Marathi • Hindi

ACHIEVEMENTS

- Professional Badminton Player.
- Successfully developed multiple ASP.NET Core MVC and ASP.NET Web Forms academic projects.
- Strong understanding of Object-Oriented Programming (OOP), MVC Architecture, and Database Design.

HOBBIES

Trekking • Exploring New Technologies • Learning Software Development • Playing Badminton
